13 April 2021

Dear Ms Jones,

Thank you for sending me the work your class has been carrying out as part of Justice week, looking at the rule of law. I believe the rule of law is extremely important to the makeup of our country, as it ensures everyone is equal under the law.

I want to say how impressed I was by the letters the children in your class wrote to me. I thought they were a real credit to the both the school and the children themselves. Reading their suggestions, I think the children would all make fantastic Members of Parliament.

I would be more than happy to visit your school later in the year, when restrictions allow. In the meantime, keep up the amazing work.

Thank you again.

Yours sincerely,

A handwritten signature in black ink that reads "Matt".
