Dear Mr Hancock, M.P.

RE: Justice Week 2021

I am pleased to enclose a few letters from our class, following the work that we completed as part of Justice week. Having learnt about how laws are made and the importance of the Rule of Law in our constitution, the children were asked to design their own law.

A number of the children were keen to take this a step further and write to their local Member of Parliament, which is yourself. Although we did discuss how you may be inundated with other tasks at this current time, I did say they can still write and I was sure you'd be delighted at their enthusiasm to make the world a better place.

I was particularly impressed at how engaged the children were in the Justice Week activities, especially as it was in our final week of home learning!

I do hope you get the chance to take a look at the letters,

With kind regards,

Kate Jones

Class Teacher, Ash Class.
